FLASH BACK was the 2013 Illinois State Fair Reserve Champion Duroc Boar. He is extended through his neck yet has a very good boar head. He comes into a big blade with his chine laid in right and then blends perfect into a very muscular top. He doesn't disappoint when he goes away and he is wide and muscular from the rear. With all of this, he is also a big ribbed, big framed, sound made red boar. We feel he can take us to the next level breeding better Duroc hogs in a bigger package.
