Breeder:

Current Owner:

We feel LUCKY ELEVEN combined, to the greatest degree, depth and width of body, heaviness of structure and muscle of all the Yorkshire boars in Louisville.

This boar needs to be used as he blends so well from blade to loin and loin to hip—a major issue with today's Yorkshire hogs. LUCKY ELEVEN will address these structural problems!

Sired the 2012 National Barrow Show® Reserve Champion Yorkshire Barrow.
