Purchased at the 2011 National
Barrow Show®.

Our pick and the bargain at the 2011 Poland show at Austin. This stress negative boar is very heavy structured and wide based. His sire, being out of Fast Forward and back on a Bases Loaded sow, is a tremendous mating and then to add the production of the Big River sow family—what a breeding piece! He sired the 2013 Wisconsin State Fair Junior Show Reserve Poland Barrow, the 2012 Wisconsin State Fair Junior Show Champion Poland Barrow and Boone County Illinois Champion & Reserve Poland Barrows, Iowa State Fair Champion Boar and Minnesota State Fair Champion Barrow. And in 2015 The San Antonio Champion Poland Gilt was out of a Bruno dam!

**Each of our sires was selected
for a purpose—let us tell you
their strengths.**
