

Lightning Strike

POLAND ▶▶ **NEGATIVE** ▶▶ **\$75 per dose**

Breeder:

Hayden Sandall, York, Neb.

Current Owners:

Center Prairie Genetics
& Bruce Schulz & Family, Dalton, Wis.

This was one of the most talked about herd sire prospects in the barn at the 2014 Summer Type Conference and is a littermate to the champion and reserve gilts. Heavy structured, extra long bodied, wide based, tall shouldered, level in his design and sound are this strengths that will work extremely well on the balance of the breed's sows. Two shots of Rice Rocket on the bottom side of his pedigree only adds to his value. His grand sire, Heat Wave, that we purchased in 2012 also increases his siring potential.
