

# LUBBOCK THANKS!

A sincere thanks to the buyers listed below who selected their herd additions from Center Prairie Genetics at the 2004 Southwest Type Conference in Lubbock, Texas.

We believe our Duroc, York and Hamp programs offer buyers an opportunity to select out-cross genetics, when compared to other herds. Over 95% of our litters are sired by boars owned by and housed at our Center Prairie facilities. Give us a call for pigs bred like our National Barrow Show, Fall Classic, Winter Type Conference and Southwest Type Conference entries—you'll be a satisfied customer.

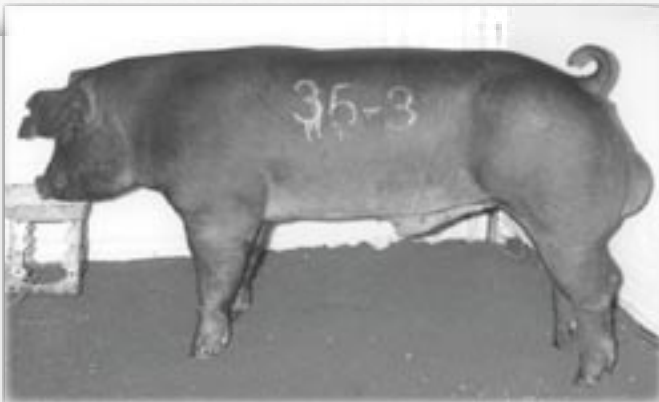

**Watch for entries from Center Prairie Genetics at the World Pork Expo, Summer Type Conference, and Illinois and Indiana State Fairs.**

14752 Backbone Rd.  
Princeton, IL 61356

## 2004 SOUTHWEST TYPE CONFERENCE

MTCH1 Red Wheels 6-10 x STIL9 Imprint 5-5

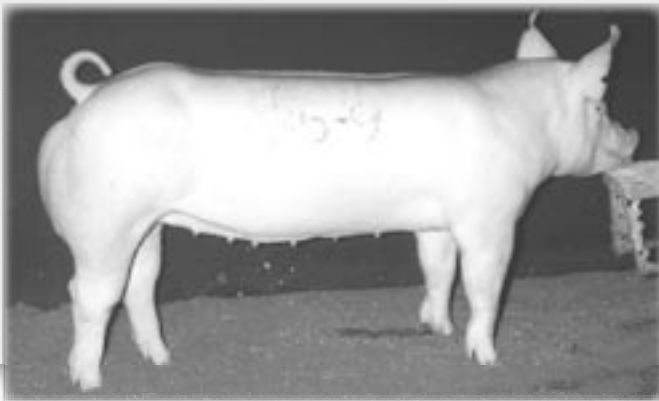

Illinois Duroc breeders, Jeff Kolb and A&W Genetics, purchased this stout-made, lean, heavy-muscled, structurally sound boar who placed second in class. For semen, contact Jeff Kolb at (309) 394-2603.

## 2004 SOUTHWEST TYPE CONFERENCE

SLI2 Fielders Choice 135-5 x BUC1 OK 1-4

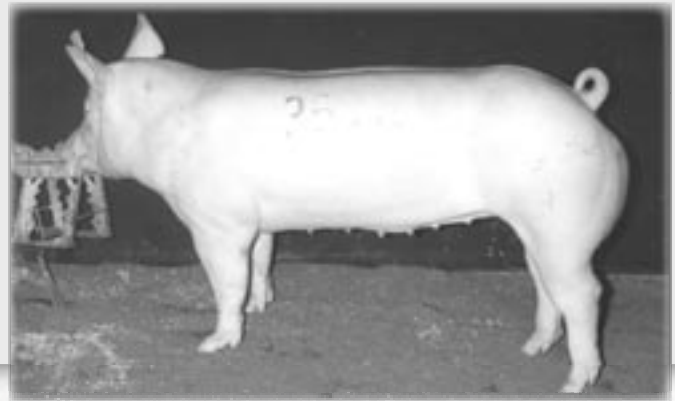

Luther Hill, Texas, took home this brood sow prospect who will add muscle and dimension to his program.

## 2004 SOUTHWEST TYPE CONFERENCE

SLI2 Fielders Choice 135-5 x JRS9 Fantastic 15-1

Robbie Phillips, Texas, selected this tremendously extended female with femininity written all over her.

## 2004 SOUTHWEST TYPE CONFERENCE

SLI2 Fielders Choice 135-5 x BLUE0 Hitman II 48-2

Caitlin Blaisdell, Ill., selected this female to produce top-quality hogs for her junior project.

**Monday and Thursday semen collections on a good selection of DUROC, HAMP, and YORK BOARS!**
