*Purchased at the 2003 Indiana State Fair, REAL WORLD's first set of pigs shown proved he is a "real world" sire. REAL WORLD has passed on his structural soundness, depth and width of body, muscle composition and length of side. Call us to order your REAL WORLD semen.*

Congratulations to **Brian Bates**, Gilson, Ill., who exhibited the Illinois State Fair Junior and Open Reserve Grand Champion Land of Lincoln Duroc Barrow—sired by REAL WORLD, semen purchased from Center Prairie Genetics.

We're also proud to report that **Mitchell Lovgren**, LaMoille, Ill., exhibited the first place March gilt at Illinois and third place February/March gilt at Indiana on females sired by REAL WORLD.

Congratulations to the other exhibitors who had success with pigs and/or semen purchased from us this past winter and spring.
