Center Prairie Genetics is **EXCITED ABOUT THE FUTURE!**

The herd boar battery we have assembled offers some of the best genetics in the industry and we're excited to be expanding our boar housing facilities. When you're planning your next mating decisions, let **Center Prairie Genetics** provide the sires.

Check our Web site for complete details on the boars pictured, as well as the remainder of our herd boar lineup.

A good selection of boars, gilts and show pigs is available year around at Center Prairie Genetics. If you're not on our mailing list, give us a call or send an e-mail.
